

# Black Onyx

## a Bold New Color Option

### Introducing Black Onyx Infill - a New Era of Elegance with Designer Fencing!

The Black Onyx infill is not just a color choice; it is an opportunity for personalization. This rich, lustrous black enhances the curb appeal of any property.

The combination of aluminum rails and posts ensures Designer Fencing not only withstands the test of time but also becomes a focal point. Matching walk gates in both single and double widths complete the look. From residential retreats to commercial chic, Designer Fencing offers a versatile solution for every taste.
